The final ranking of teams at the conclusion of a round robin will be determined by the number of points earned. Each team will earn three (3) points for every win, one (1) point for every tie score, and zero (0) points for every loss. If two or more teams have the same number of points at the end of the round robin, the teams will be separated by using the following methods in this order:

IBSA Goalball Rules and Regulations 2022-2024

January 1, 2022

46

- Goal Difference - subtracting a team's goals scored against from their goals scored in the total round robin
- Number of Wins – teams will be assessed on the number of wins in the round robin. Teams with the most wins will be given the higher ranking.
- Goals Against– the team with the lowest goals against-in the overall competition will be given the higher ranking.
- Goal Difference – The same procedure shall be used again, but this time only the games in the round robin between the teams that have to be separated shall be included.
